

## **LCBO Air Miles promotion application**

We need you to create an APP for use as a Sales/Promotion tool. It should show the current weeks bonus air miles promotions as well as It should allow the user to search for their closest store and the user can check to see what products that store has on promotion.

### **Scope of Work:**

- Show a List of current promoted items
- Allow user to search for nearest store and list promoted items.

### **Deadline:**

- Wireframes by Tuesday
- Beta by Thursday
- Final by the following Monday.

### **Deliverables:**

- Project up on github
- Project on URL, can be ghpages url.
